DODGEVILLE, Wis., December 6, 2018 (GLOBE NEWSWIRE) - Lands' End, Inc. (NASDAQ:LE) today announced financial results for the Third Quarter ended November 2, 2018.

We were pleased to see accelerated growth in our Direct segment, which grew approximately 8% as compared to last year, driven by strength in our U.S. eCommerce business, which grew double digits. We have continued the rollout of our own retail stores, and believe we have a viable, profitable and expandable store model which complements our successful online presence. We are extremely pleased to see the momentum across our business continued through the Thanksgiving and Cyber Monday period. Our inventory position is very strong, and we have depth in key items to drive sales over the remainder of the holiday period. As we look forward, we will continue to execute on our strategic plan focusing on product, digitalization, uni-channel distribution and infrastructure to drive consistent performance across the business."

Use and Definition of Non-GAAP Financial Measures

(1) Adjusted EBITDA - In addition to our Net income, for purposes of evaluating operating performance, we use an Adjusted Earnings Before Interest, Taxes, Depreciation and Amortization ("Adjusted EBITDA"), which is adjusted to exclude certain significant items as set forth below.

Our management uses Adjusted EBITDA to evaluate the operating performance of our business for comparable periods, and as an executive compensation metric. Adjusted EBITDA should not be used by investors or other third parties as the sole basis for formulating investment decisions as it excludes a number of important cash and non-cash recurring items.

While Adjusted EBITDA is a non-GAAP measurement, management believes that it is an important indicator of operating performance, and is useful to investors, because:

- EBITDA excludes the effects of financings, investing activities and tax structure by eliminating the effects of interest, depreciation and income tax costs or benefits.
- Other significant items, while periodically affecting our results, may vary significantly from period to period and have a disproportionate effect in a given period, which affects comparability of results. We have adjusted our results for these items to make our statements more comparable and therefore more useful to investors as the items are not representative of our ongoing operations.
 - Transfer of corporate functions severance and contract losses associated with a transition of certain corporate activities from our New York office to our Dodgeville headquarters.
 - Gain or loss on property and equipment management considers the gains or losses on asset valuation, including impairments, to result from investing decisions rather than ongoing operations.
