REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To the Plan Administrator of the
Lands' End, Inc. Retirement Plan:

We have audited the accompanying statements of net assets available for plan benefits of Lands' End, Inc. Retirement Plan (the "Plan") as of December 31, 1996 and 1995 and the related statements of changes in net assets available for plan benefits, with fund information, for the years then ended, as listed in the accompanying table of contents. These financial statements and the supplemental schedules referred to below are the responsibility of the plan administrator. Our responsibility is to express an opinion on these financial statements and the supplemental schedules based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and

significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 1996 and 1995, and the changes in its net assets available for plan benefits for the years then ended, in conformity with generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules, as listed in the accompanying table of contents, are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The fund information in the statements of net assets available for plan benefits and the statements of changes in net assets available for plan benefits is presented for purposes of additional analysis rather than to present the net assets available for plan benefits and changes in net assets available for plan benefits of each fund. The supplemental schedules, and fund information, have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

LANDS' END, INC.

RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1996 AND 1995

(1) Description of the Plan-

The following description of the Lands' End, Inc. Retirement Plan (the "Plan") is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the plan document.

The Plan is a defined contribution plan and covers substantially all employees of Lands' End, Inc. (the "Company") who are at least 19 years of age as of the end of the Plan year and have completed 1,000 hours of eligible service. The Plan is sponsored and administered by the Company. The Plan is governed by the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Participants contribute to the Plan through salary reductions in amounts not exceeding 15 percent of participants' eligible compensation. Each participant's account is credited with the participant's voluntary contributions, the allocation of the Company contributions and Plan earnings in accordance with the Plan agreement. The Plan provides for employer matching and profit sharing contributions. Matching contributions are made in amounts equal to 50 percent of participant contributions, limited to three percent of participants' eligible compensation. Profit sharing contributions are made at the discretion of the Company's Board of Directors and are allocated to each participant's account based on his or her eligible compensation level (subject to certain Internal Revenue Service limits) in relation to all participants' compensation. Participants are fully vested in participant and employer contributions at all times.

Participants have the ability to self-direct their funds. The following are descriptions of the funds:

U.S. Government Securities Fund II is invested in U.S. Government and U.S. Agency securities and seeks to provide maximum current income consistent with liquidity and conservation of capital. This was a new fund option as of October 1, 1995.

IDS Federal Income Fund, Inc. is an income fund. This fund is managed to help protect the participants' money from loss, while seeking a consistent rate of return.

IDS Mutual is a balanced growth and income fund. This fund focuses on securities of medium to large, well-established companies that offer long-term capital appreciation and consistent income from dividends and interest.

IDS New Dimensions Fund, Inc. is an equity growth fund. Funds in this group seek capital growth, primarily from common stocks. Income is not an investment objective.

Lands' End, Inc. Stock Fund is a Company stock fund. This fund seeks long-term capital growth from Lands' End, Inc. common stock and money market investments. Income is not an investment objective. This was a new fund option as of October 1, 1995.

(2) Summary of Significant Accounting Policies-

Basis of Accounting-

The financial statements have been prepared on the accrual basis of accounting.

Investments-

Investments are stated at fair market value as determined by the custodian by reference to published market data.

Net Appreciation (Depreciation) in Fair Market Value of Investments-

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statements of changes in net assets as net appreciation (depreciation) in fair market value of investments.

Administrative Expenses-

All administrative expenses for the Plan were paid by the Company, except certain mutual fund expenses that were netted against participants' investment yield.

Accounting Estimates-

The preparation of financial statements required the use of estimates by management in determining the Plan's assets, revenues and expenses. Actual results could differ from those estimates.

(3) Funding Policy-

The Company's contributions to the Plan represent matching and profit sharing contributions. Matching contributions are deposited at specified intervals throughout the year. The employer contribution receivable as of December 31, 1996 and 1995, represents the accrued profit sharing contribution for the applicable year.

(4) Loans to Participants-

A participant may borrow the lesser of \$50,000 or 50% of his or her vested account balance with a minimum loan of \$1,000. Loans are repayable through payroll deductions over periods ranging up to 120 months. The interest rate is determined by the Plan administrator based on prevailing market conditions and is fixed over the term of the note. Interest rates ranged from 7.0% to 12.5% during 1996 and 1995.

(5) Benefits Paid to Participants-

Benefits paid to participants represent the amounts paid to participants who have terminated employment. Amounts currently payable to terminated participants included in net assets available for plan benefits as of December 31, 1996 and 1995, was \$102,209 and \$103,276, respectively.

(6) Income Tax Status-

The Plan has obtained a determination letter from the Internal Revenue Service dated May 16, 1994, approving the Plan as qualified for tax-exempt status. Plan amendments adopted since the last tax determination letter will be included in the Company's next filing. The Company's management believes the Plan remains tax-exempt.

(7) Related Party Transactions-

The Plan periodically invests in common funds managed by the current custodian, American Express Trust Company. Also, the Plan invests in the Company's common stock. These transactions, which are included in the accompanying schedules, are not considered prohibited transactions by statutory exemption under ERISA regulations.

(8) Plan Termination-

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(9) Reconciliation to Form 5500-

The difference between net assets and benefits paid in both the financial statements and the Plan's Form 5500 is due to benefit claims payable to terminated participants. This difference as of December 31 is summarized as follows:

	1996	1995
Net assets, per Form 5500	\$64,504,561	\$46,914,984
