Basis of Presentation

The Condensed Consolidated Financial Statements include the accounts of Lands' End, Inc. and its subsidiaries. All intercompany transactions and balances have been eliminated.

The accompanying unaudited Condensed Consolidated Financial Statements have been prepared in accordance with GAAP for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements. In the opinion of management, all material adjustments which are of a normal and recurring nature necessary for a fair presentation of the results for the periods presented have been reflected. Dollar amounts are reported in thousands, except per share data, unless otherwise noted. Interim results are not necessarily indicative of results for a full year. The information included in this Form 10-Q should be read in conjunction with information included in the Lands' End Annual Report on Form 10-K filed with the SEC on March 29, 2018.

Reclassifications

In First Quarter 2018, the Company adopted ASU 2016-18, *Restricted Cash*, which changed the required presentation of Restricted cash on the Condensed Consolidated Statements of Cash Flows to include those amounts generally described as Restricted cash or restricted cash equivalents with Cash and cash equivalents when reconciling the beginning-of-period and end-of-period total amounts shown. As a result of the adoption, the Company reclassified the amount of beginning-of-period cash, cash equivalents, and restricted cash presented in the First Quarter 2017 Condensed Consolidated Statement of Cash Flows to include Restricted cash.

NOTE 2. RECENT ACCOUNTING PRONOUNCEMENTS

Revenue from Contracts with Customers

In May 2014, the FASB issued ASU 2014-09, *Revenue from Contracts with Customers*, which provides guidance for revenue recognition. In First Quarter 2018, the Company adopted the guidance using the modified retrospective method resulting in only those contracts that were open as of the date of adoption requiring assessment. The Comparative information presented in the Condensed Consolidated Financial Statements was not restated and is reported under the accounting standards in effect for the periods presented. The adoption of this guidance did not have, and is not expected to have, a significant impact on our reported revenue, gross margin or income from operations.

Revenues include sales of merchandise and delivery revenues related to merchandise sold. Substantially all of the Company's revenue is recognized when control of product passes to customers which for the Direct segment is when the merchandise is expected to be received by the customer and for the Retail segment is at the time of sale in the store. Revenues are adjusted for estimated returns and volume rebates with a corresponding liability recorded. Effective First Quarter 2018, the Company changed its balance sheet presentation for estimated product returns by reporting a product return asset for the right to receive returned products and a returns liability for amounts expected to be refunded to customers as a result of product returns. The product return asset is reported within Prepaid expenses and other current assets in the Condensed Consolidated Balance Sheet. Prior to adoption, product return assets were reported within Other current liabilities. The returns liability and payments received from customers for future delivery of products are reported within Other current liabilities in the Condensed Consolidated Balance Sheet. The adoption of this guidance did not have an impact on the recording of these liabilities.

The Company recorded a decrease to opening Accumulated deficit and Other current liabilities in the Condensed Consolidated Balance Sheet of \$1.1 million due to the cumulative impact related to the accounting for gift card breakage.

The impact of adoption on the Condensed Consolidated Balance Sheet as of February 3, 2018 was:

<i>(in thousands)</i>	February 2, 2018(As reported)	Impact of Adoption	February 3, 2018
Assets:			
Prepaid expenses and other current assets	\$ 26,659	\$ 10,425	\$ 37,084
Liabilities:			
Other current liabilities	100,257	9,365	109,622
Stockholders' Equity:			
Accumulated deficit	(29,810)	1,060	(28,750)

The impact of the new revenue recognition guidance on our Condensed Consolidated Balance Sheet as of May 4, 2018 was:

<i>(in thousands)</i>	May 4, 2018		
	Balances Without Adoption	Impact of Adoption	As Reported
Assets:			
Prepaid expenses and other current assets	\$ 33,437	\$ 8,158	\$ 41,595
Liabilities:			
Other current liabilities	88,495	7,055	95,550
Stockholders' Equity:			
Accumulated deficit	(32,483)	1,103	(31,380)

See Note 12, *Revenue* for additional disclosures.

Recognition of Breakage for Certain Prepaid Stored-Value Products

In March 2016, the FASB issued ASU 2016-04, *Recognition of Breakage for Certain Prepaid Stored-Value Products*. This update clarifies when it is acceptable to recognize the unredeemed portion of prepaid gift cards into income. The Company has evaluated the impacts of this ASU and has identified a change in the timing of recognition of revenue from gift cards. The Company will recognize breakage income over the breakage period for the estimated

portion of unredeemed gift cards that is unlikely to be redeemed where the Company does not have an obligation to remit the value of the unredeemed gift card to the relevant jurisdiction as unclaimed or abandoned property. This guidance was adopted by the Company during First Quarter 2018 and resulted in a cumulative impact to be recognized as a reduction in Accumulated deficit and Other current liabilities of \$1.1 million for estimated gift card breakage occurring prior to Fiscal 2018, under the modified retrospective approach described under the preceding Revenue from Contracts with Customers section.

Restricted Cash

In November 2016, the FASB issued ASU 2016-18, *Restricted Cash*. This ASU requires the inclusion of Restricted cash with Cash and cash equivalents when reconciling the beginning-of-period and end-of-period total amounts shown on the Condensed Consolidated Statement of Cash Flows. This guidance was adopted by the Company during First Quarter 2018. As a result of the adoption, the Company changed the presentation in its Condensed Consolidated Statements of Cash Flows for all periods presented.

Leases

In February 2016, the FASB issued ASU 2016-02, *Leases*, which will replace the existing guidance in ASC 840, *Leases*. This ASU requires a dual approach for lessee accounting under which a lessee would account for leases as finance leases or operating leases. Both finance leases and operating leases will result in the lessee recognizing a right-of-use asset and a corresponding lease liability. For finance leases, the lessee would recognize interest expense and amortization of the right-of-use asset, and for operating leases, the lessee would recognize a straight-line total lease expense. This guidance will be effective for the Company in the first quarter of its fiscal year ending January 31, 2020. While it is expected that the standard will result in a material increase in the assets and liabilities recorded on the Company's Consolidated Balance Sheet, the Company is still evaluating the overall impact on the Company's Condensed Consolidated Financial Statements.

NOTE 3. LOSS PER SHARE

The numerator for both basic and diluted EPS is net loss. The denominator for basic EPS is based upon the number of weighted average shares of Lands' End common stock outstanding during the reporting periods. The denominator for diluted EPS is based upon the number of weighted average shares of Lands' End common stock and common stock equivalents outstanding during the reporting periods using the treasury stock method in accordance with the ASC. Potentially dilutive securities for the diluted EPS calculations consist of nonvested equity shares of common stock and in-the-money outstanding stock options, if any, to purchase the Company's common stock.

The following table summarizes the components of basic and diluted EPS:

<i>(in thousands, except per share amounts)</i>	13 Weeks Ended	
	May 4, 2018	April 28, 2017
Net loss	\$ (2,630)	\$ (7,839)
Basic weighted average common shares outstanding	32,125	32,029
Dilutive effect of stock awards	—	—
Diluted weighted average common shares outstanding	<u>32,125</u>	<u>32,029</u>
Basic loss per share	\$ (0.08)	\$ (0.24)
Diluted loss per share	\$ (0.08)	\$ (0.24)

Stock awards are considered anti-dilutive based on the application of the treasury stock method or in the event of a net loss. There were 577,535 and 98,905 anti-dilutive shares excluded from the diluted weighted average shares outstanding for First Quarter 2018 and First Quarter 2017, respectively.

NOTE 4. OTHER COMPREHENSIVE (LOSS) INCOME

Other comprehensive (loss) income encompasses all changes in equity other than those arising from transactions with stockholders, and is comprised solely of foreign currency translation adjustments.

<i>(in thousands)</i>	13 Weeks Ended	
	May 4, 2018	April 28, 2017
Beginning balance: Accumulated other comprehensive loss (net of tax of \$2,816 and \$6,691, respectively)	\$ (10,592)	\$ (12,426)

Ending balance: Accumulated other comprehensive loss (net of tax of \$3,250 and \$6,189, respectively)	\$ (12,228)	\$ (11,909)

No amounts were reclassified out of Accumulated other comprehensive loss during any of the periods presented.

The following table summarizes the Company's borrowing availability under the ABL Facilities:

<i>(in thousands)</i>	May 4, 2018	April 28, 2017	February 2, 2018

⁽¹⁾ April 28, 2017 amounts pertain to Prior ABL Facility.

Interest; Fees

The interest rates per annum applicable to the loans under the Debt Facilities are based on a fluctuating rate of interest measured by reference to, at the borrowers' election, either (i) an adjusted LIBOR rate plus a borrowing margin, or (ii) an alternative base rate plus a borrowing margin. The borrowing margin is fixed for the Term Loan Facility at 3.25% in the case of LIBOR loans and 2.25% in the case of base rate loans. For the Term Loan Facility, LIBOR is subject to a 1% interest rate floor. The borrowing margin for the ABL Facilities is subject to adjustment based on the average excess availability under the ABL Facilities for the preceding fiscal quarter. LIBOR borrowings will range from 1.25% to 1.75% and 1.50% to 2.00% for the Current ABL Facility and Prior ABL Facility, respectively. Base rate borrowings will range from 0.50% to 1.00% for the ABL Facilities.

Customary agency fees are payable pursuant to the terms of the Debt Facilities. The ABL Facilities fees also include (i) commitment fees in an amount equal to 0.25% and 0.25% to 0.375% of the daily unused portions of the Current ABL Facility and Prior ABL Facility, respectively, and (ii) customary letter of credit fees.

Representations and Warranties; Covenants

Subject to specified exceptions, the Debt Facilities contain various representations and warranties and restrictive covenants that, among other things, restrict the ability of Lands' End and its subsidiaries to incur indebtedness (including guarantees), grant liens, make investments, make dividends or distributions with respect to capital stock, make prepayments on other indebtedness, engage in mergers or change the nature of their business. In addition, if excess availability under the Current ABL Facility falls below the greater of 10% of the loan cap amount or \$15.0 million, Lands' End will be required to comply with a minimum fixed charge coverage ratio of 1.0 to 1.0. The Debt Facilities do not otherwise contain financial maintenance covenants. The Company was in compliance with all financial covenants related to the Debt Facilities as of May 4, 2018.

The Debt Facilities contain certain affirmative covenants, including reporting requirements such as delivery of financial statements, certificates and notices of certain events, maintaining insurance, and providing additional guarantees and collateral in certain circumstances.

NOTE 6. STOCK-BASED COMPENSATION

The Company expenses the fair value of all stock awards over their respective vesting periods, ensuring that, the amount of cumulative compensation cost recognized at any date is at least equal to the portion of the grant-date value of the award that is vested at that date. The Company has elected to adjust compensation expense for an estimated forfeiture rate for those shares not expected to vest and to recognize compensation cost on a straight-line basis for awards that only have a service requirement with multiple vest dates.

The Company has granted the following types of stock awards to employees at management levels and above:

- i. Time vesting stock awards ("Deferred Awards") are in the form of restricted stock units and only require each recipient to complete a service period for the awards to be earned. Deferred Awards generally vest over three years. The fair value of Deferred Awards is based on the closing price of the Company's common stock on the grant date and is reduced for estimated forfeitures of those awards not expected to vest due to employee turnover.
- ii. Stock option awards ("Option Awards") provide the recipient with the option to purchase a set number of shares at a stated exercise price over the term of the contract, which is ten years for all Option Awards currently outstanding.
- iii. Performance-based stock awards ("Performance Awards") are in the form of restricted stock units and have, in addition to a service requirement, performance criteria that must be achieved for the awards to be earned. Performance Awards granted prior to First Quarter 2018 had annual vesting, but due to the performance criteria, were not eligible for straight-line expensing. All Performance Awards granted prior to First Quarter 2018 were forfeited during the period. For Performance Awards granted in First Quarter 2018, the Target Shares earned can range from 0% to 200% and depend on the achievement of Adjusted EBITDA and revenue performance measures for the cumulative three-fiscal year performance period from Fiscal 2018 to Fiscal 2020. The applicable percentage of the Target Shares, as determined by performance, vest after the completion of the applicable three year performance period, and unearned Target Shares are forfeited. The fair value of the 2018 Performance Awards granted is based on the closing price of the Company's common stock on the grant date. Stock-based compensation expense is recognized ratably over the related service period reduced for estimated forfeitures of those awards not expected to vest due to employee turnover and adjusted based on the Company's estimate of the percentage of the aggregate Target Shares expected to be earned.

The following table provides a summary of the Company's stock-based compensation expense, which is included in Selling and administrative expense in the Condensed Consolidated Statements of Operations:

<i>(in thousands)</i>	13 Weeks Ended

As of May 4, 2018, 73,530 shares related to Option Awards were exercisable.

Total unrecognized stock-based compensation expense related to unvested Performance Awards was approximately \$3.6 million as of May 4, 2018, which is expected to be recognized ratably over a weighted average period of 2.9 years. Performance Awards granted to various employees during First Quarter 2018 vest, if earned, after completion of the applicable three year performance period.

NOTE 7. FAIR VALUE OF FINANCIAL ASSETS AND LIABILITIES

Restricted cash is reflected on the Condensed Consolidated Balance Sheets at fair value. The fair value of restricted cash was \$2.1 million, \$3.3 million and \$2.4 million as of May 4, 2018, April 28, 2017 and February 2, 2018, respectively based on Level 1 inputs. Restricted cash amounts are valued based upon statements received from financial institutions.

The carrying amount of the Company's Cash and cash equivalents, Accounts receivable, Accounts payable and Other current liabilities approximate their fair value as recorded due to the short-term maturity of these instruments.

Carrying values and fair values of long-term debt, including the short-term portion, in the Condensed Consolidated Balance Sheets are as follows:

(in thousands)	May 4, 2018		April 28, 2017		February 2, 2018	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Long-term debt, including short-term portion	\$ 494,400	\$ 452,994	\$ 499,550	\$ 413,378	\$ 495,688	\$ 443,641

Long-term debt, including short-term portion was valued utilizing Level 2 valuation techniques based on the closing inactive market bid price on May 4, 2018, April 28, 2017, and February 2, 2018. There were no nonfinancial assets or nonfinancial liabilities recognized at fair value on a nonrecurring basis as of May 4, 2018, April 28, 2017, and February 2, 2018.

NOTE 8. INCOME TAXES

The Company recorded a tax benefit at an overall effective tax rate of 68.1% and 35.2% for First Quarter 2018 and First Quarter 2017, respectively. The higher rate results from of the reversal of UTBs as a consequence of the favorable state tax audit settlements for periods prior to the Separation from Sears Holdings Corporation, non-recognition of certain foreign losses whose realization is uncertain and certain impacts of the Tax Act.

In connection with the Tax Act, the Company re-measured its deferred tax assets and liabilities based on the rates at which they are expected to reverse in the future under the Tax Act. Pursuant to Staff Accounting Bulletin No. 118, a provisional amount for the change in law was recorded in Fourth Quarter 2017. As these estimates are refined and potential planning opportunities present themselves, the Company will revise its estimate. The Company will continue its assessment of the impact of the Tax Act on the business and Consolidated Financial Statements throughout the one-year measurement period as provided by SAB 118.

As of May 4, 2018, the Company had UTBs of \$1.9 million. Of this amount, \$1.5 million would, if recognized, impact its effective tax rate, with the remaining amount being comprised of UTBs related to gross temporary differences or other indirect benefits. Pursuant to the Tax Sharing Agreement, Sears Holdings Corporation is generally responsible for all United States federal, state and local UTBs, through the date of the Separation and, as such, an indemnification asset from Sears Holdings Corporation for the pre-Separation UTBs is recorded in Other assets in the Condensed Consolidated Balance Sheets. The indemnification asset was \$2.5 million, \$11.6 million and \$7.4 million as of May 4, 2018, April 28, 2017, and February 2, 2018, respectively.

NOTE 9. COMMITMENTS AND CONTINGENCIES

Legal Proceedings

The Company is party to various claims, legal proceedings and investigations arising in the ordinary course of business. Some of these actions involve complex factual and legal issues and are subject to uncertainties. At this time, the Company is not able to either predict the outcome of these legal proceedings or reasonably estimate a potential range of loss with respect to the proceedings. While it is not feasible to predict the outcome of such pending claims, proceedings and investigations with certainty, management is of the opinion that their ultimate resolution should not have a material adverse effect on results of operations, cash flows or financial position taken as a whole.

NOTE 10. RELATED PARTY TRANSACTIONS

According to statements on Schedule 13D filed with the SEC by ESL, ESL beneficially owns significant portions of both the Company's and Sears Holdings Corporation's outstanding shares of common stock. Therefore, Sears Holdings Corporation, the Company's former parent company, is considered a related party. In connection with and subsequent to the Separation, the Company entered into various agreements with Sears Holdings which, among other things, (i) govern specified aspects of the Company's relationship following the Separation, especially with regards to the Lands' End Shops at Sears, and (ii) establish terms pursuant to which subsidiaries of Sears Holdings Corporation are providing services to the Company. NOTE 11. SEGMENT REPORTING

The Company is a leading multi-channel retailer of clothing, accessories and footwear, as well as home products, and has two reportable segments: Direct and Retail. Product revenue is divided by product categories: Apparel and Non-apparel. The Non-apparel revenue includes accessories, footwear, and home goods. Services and other revenue includes embroidery, monogramming, gift wrapping, shipping and other services. Net revenue is aggregated by product category in the following table:

<i>(in thousands)</i>	13 Weeks Ended	
	May 4, 2018	April 28, 2017
Net revenue:		
Apparel	\$ 259,259	\$ 231,028

Service and other	14,650	13,357
Total net revenue	<u>\$ 299,825</u>	<u>\$ 268,365</u>

The Company identifies reportable segments according to how business activities are managed and evaluated. Each of the Company's reportable segments are strategic business units that offer similar products and services but are sold either directly from its warehouses (Direct) or through its retail stores (Retail). Adjusted EBITDA is the primary measure used to make decisions on allocating resources and assessing performance of each operating segment. Adjusted EBITDA is computed as Net loss appearing on the Condensed Consolidated Statements of Operations net of Income tax benefit, Other income, net, Interest expense, Depreciation and amortization and certain significant items that while periodically affecting the Company's results, may vary significantly from period to period and may have a disproportionate effect in a given period, which may affect comparability of results. Reportable segment assets are those directly used in or clearly allocable to an operating segment's operations. Depreciation, amortization, and property and equipment expenditures are recognized in each respective segment. There were no material transactions between reporting segments for any periods presented.

- The Direct segment sells products through the Company's e-commerce websites and direct mail catalogs. Operating costs consist primarily of direct marketing costs (catalog and e-commerce marketing costs); order processing and shipping costs; direct labor and benefits costs and facility costs. Assets primarily include goodwill and trade name intangible assets, inventory, accounts receivable, prepaid expenses (deferred catalog costs), technology infrastructure, and property and equipment.
- The Retail segment sells products and services through dedicated Lands' End Shops at Sears across the United States and through Company Operated stores. Operating costs consist primarily of labor and benefits costs; rent, CAM and occupancy costs; distribution costs; and in-store marketing costs. Assets primarily include retail inventory, fixtures and leasehold improvements.
- Corporate overhead and other expenses include unallocated shared-service costs, which primarily consist of employee services and financial services, legal and corporate expenses. These expenses include labor and benefits costs, corporate headquarters occupancy costs and other administrative expenses. Assets include corporate headquarters and facilities, corporate cash and cash equivalents and deferred income taxes.

Financial information by segment is presented in the following tables.

NOTE 12. REVENUE

The Company adopted authoritative guidance related to the recognition of revenue from contracts with customers effective First Quarter 2018 using the modified retrospective method. The comparative information presented in the Condensed Consolidated Financial Statements was not restated and is reported under the accounting standards in effect for the periods presented. See Note 2, *Recent Accounting Pronouncements*, for a discussion of the significant changes resulting from adoption of the guidance. The adoption of the guidance did not have a significant impact on revenue.

Revenues include sales of merchandise and delivery revenues related to merchandise sold. Substantially all of the Company's revenue is recognized when control of product passes to customers which for the Direct segment is when the merchandise is expected to be received by the customer and for the Retail segment is at the time of sale in the store. The Company recognizes revenue, including shipping and handling fees billed to customers, in the amount expected to be received when control of the Company's products transfers to customers, and is presented net of various forms of promotions, which range from contractually-fixed percentage price reductions to sales returns, discounts, and other incentives that may vary in amount. Variable amounts are estimated based on an analysis of historical experience and adjusted as better estimates become available. There were no changes to estimates in First Quarter 2018.

The Company's revenues are disaggregated by product categories and geographic location. Revenue by product category is presented in Note 11, *Segment Reporting*. Revenue by geographic location was:

<i>(in thousands)</i>	13 Weeks Ended	
	May 4, 2018	April 28, 2017
Net revenue:		
United States	\$ 256,168	\$ 232,325
Europe	31,167	25,397
Asia	12,490	10,643
Total Net revenue	\$ 299,825	\$ 268,365

The Company elected to exclude from revenue, taxes assessed by governmental authorities, including value-added and other sales-related taxes, that are imposed on and concurrent with revenue-producing activities, and as a result there is no change in presentation from prior comparative periods.

Contract Liabilities

Contract liabilities consist of payments received in advance of the transfer of control to the customer. As products are delivered and control transfers, the Company recognizes the deferred revenue in Net revenue in the Condensed Consolidated Statements of Operations. As of May 4, 2018, April 28, 2017 and February 2, 2018, \$15.9 million, \$12.7 million and \$12.8 million, respectively, of deferred revenue associated with payments received in advance of the transfer of control to the customer was reported in Other current liabilities in the Condensed Consolidated Balance Sheets. Deferred revenue of \$12.8 million and \$10.1 million was recognized in Net revenue in First Quarter 2018 and First Quarter 2017, respectively. The remainder of deferred revenue as of May 4, 2018 is expected to be recognized in Net revenue in Second Quarter 2018 as products are delivered to customers.

The Company's policy with respect to gift cards is to record revenue as and when the gift cards are redeemed for merchandise. The Company recognizes gift card breakage income in proportion to the pattern of rights exercised by the customer when the Company expects to be entitled to breakage and the Company determines that it does not have an obligation to remit the value of the unredeemed gift card to the relevant jurisdiction as unclaimed or abandoned property. Gift card breakage is recorded within Net revenue in the Condensed Consolidated Statements of Operations.

Prior to their redemption, gift cards are recorded as a liability, included within Other current liabilities in the Condensed Consolidated Balance Sheets. The total contract liability related to gift cards issued was \$19.3 million, \$20.3 million and \$19.3 million as of May 4, 2018, April 28, 2017 and February 2, 2018, respectively. The liability is estimated based on expected breakage that considers historical patterns of redemption. The following table provides the reconciliation of the contract liability related to gift cards:

(in thousands)

	Contract Liability
Balance as of February 2, 2018	\$ 19,272
Gift cards sold	16,072
Gift cards redeemed	(14,664)
Gift card breakage	(1,390)
Balance as of May 4, 2018	\$ 19,290

Refund Liabilities

Refund liabilities, primarily associated with product sales returns and retrospective volume rebates represent variable consideration and are estimated and recorded as a reduction to Net revenue based on historical experience. As of May 4, 2018, April 28, 2017 and February 2, 2018, \$17.7 million, \$9.5 million and \$11.1 million, respectively, of refund liabilities, primarily associated with product returns, were reported in Other current liabilities in the Condensed Consolidated Balance Sheets. Prior to adoption, product return assets and return liabilities were reported within Other current liabilities. As of the adoption date, the product return assets were reclassified and reported as a component of Prepaid expenses and other current assets, and return liabilities continued to be reported in Other current liabilities in the Company's Condensed Consolidated Balance Sheet.

Executive Overview

Description of the Company

Lands' End, Inc. is a leading multi-channel retailer of casual clothing, accessories, footwear and home products. We offer products through catalogs, online at www.landsend.com and affiliated specialty and international websites, and through retail locations. We are a classic American lifestyle brand with a passion for quality, legendary service and real value, and seek to deliver timeless style for women, men, kids and the home.

Lands' End was founded in 1963 in Chicago by Gary Comer and his partners to sell sailboat hardware and equipment by catalog. While our product focus has shifted significantly over the years, we have continued to adhere to our founder's motto as one of our guiding principles: "Take care of the customer, take care of the employee and the rest will take care of itself."

The Company identifies reportable segments according to how business activities are managed and evaluated. Each of the Company's reportable segments are strategic business units that offer similar products and services but are sold either directly from our warehouses (Direct) or through our retail stores (Retail).

Basis of Presentation

The Condensed Consolidated Financial Statements have been prepared in accordance with GAAP and include the accounts of Lands' End, Inc. and its subsidiaries. All intercompany transactions and balances have been eliminated.

Related party

Following the Separation, we began operating as a separate, publicly traded company, independent from Sears Holdings. According to statements on Schedule 13D filed with the SEC by ESL, ESL beneficially owns significant portions of both the Company's and Sears Holdings Corporation's outstanding shares of common stock. Therefore Sears Holdings Corporation, the Company's former parent company, is considered a related party both prior to and subsequent to the Separation.

Seasonality

We experience seasonal fluctuations in our net revenue and operating results and historically have realized a significant portion of our net sales and earnings for the year during our fourth fiscal quarter. We generated an average of 35% of our Net revenue in the fourth fiscal quarter of the past three years. Thus, lower than expected fourth quarter net revenue could have an adverse impact on our annual operating results.

Working capital requirements typically increase during the third quarter of the fiscal year as inventory builds to support our peak shipping/selling period and, accordingly, typically decrease during the fourth quarter of the fiscal year as inventory is shipped/sold. Cash provided by operating activities is typically higher in the fourth quarter of the fiscal year due to reduced working capital requirements during that period.

Results of Operations

The following table sets forth, for the periods indicated, selected income statement data:

<i>(in thousands)</i>	13 Weeks Ended			
	May 4, 2018		April 28, 2017	
	\$'s	% of Net revenue	\$'s	% of Net revenue
Net revenue	\$ 299,825	100.0 %	\$ 268,365	100.0 %
Cost of sales (excluding depreciation and amortization)	166,800	55.6 %	145,722	54.3 %
Gross profit	133,025	44.4 %	122,643	45.7 %
Selling and administrative	124,000	41.4 %	121,346	45.2 %
Depreciation and amortization	6,161	2.1 %	6,509	2.4 %
Other operating expense, net	337	0.1 %	1,508	0.6 %
Operating income (loss)	2,527	0.8 %	(6,720)	(2.5)%
Interest expense	6,912	2.3 %	6,125	2.3 %

Income tax benefit	(5,619)	(1.9)%	(4,264)	(1.6)%
NET LOSS	\$ (2,630)	(0.9)%	\$ (7,839)	(2.9)%

Depreciation and amortization is not included in our cost of sales because we are a reseller of inventory and do not believe that including depreciation and amortization is meaningful. As a result, our gross margins may not be comparable to other entities that include depreciation and amortization related to the sale of their product in their gross margin measure.

Net Loss and Adjusted EBITDA

We recorded a Net loss of \$2.6 million in First Quarter 2018 compared to a Net loss of \$7.8 million in First Quarter 2017. In addition to our Net loss determined in accordance with GAAP, for purposes of evaluating operating performance, we use an Adjusted EBITDA measurement. Adjusted EBITDA is computed as Net loss appearing on the Condensed Consolidated Statements of Operations net of Income tax benefit, Other income, net, Interest expense, Depreciation and amortization, and certain significant items set forth below. Our management uses Adjusted EBITDA to evaluate the operating performance of our businesses for comparable periods, and as an executive compensation metric. Adjusted EBITDA should not be used by investors or other third parties as the sole basis for formulating investment decisions as it excludes a number of important cash and non-cash recurring items.

While Adjusted EBITDA is a non-GAAP measurement, management believes that it is an important indicator of operating performance, and useful to investors, because:

- EBITDA excludes the effects of financings, investing activities and tax structure by eliminating the effects of interest, depreciation and income tax costs or benefits.

- Other significant items, while periodically affecting our results, may vary significantly from period to period and have a disproportionate effect in a given period, which affects comparability of results. We have adjusted our results for these items to make our statements more comparable and therefore more useful to investors as the items are not representative of our ongoing operations.
 - Transfer of corporate functions - severance and contract losses associated with a transition of certain corporate activities from our New York office to our Dodgeville headquarters.
 - Gain or loss on property and equipment - management considers the gains or losses on asset valuation to result from investing decisions rather than ongoing operations.

In assessing the operational performance of our business, we consider a variety of financial measures. We operate in two reportable segments: Direct (sold through e-commerce websites and direct mail catalogs) and Retail (sold through stores). A key measure in the evaluation of our business is revenue performance by segment. We also consider gross margin and Selling and administrative expenses in evaluating the performance of our business.

To evaluate revenue performance for the Direct segment we use Net revenue. For our Retail segment, we use Same Store Sales as a key measure in evaluating performance. A store is included in Same Store Sales calculations on the first day it has comparable prior year sales. Stores in which the selling square footage has changed by 15% or more as a result of a remodel, expansion, reduction or relocation are excluded from Same Store Sales calculations until the first day they have comparable prior year sales. Online sales and sales generated through our in-store computer kiosks are considered revenue in our Direct segment and are excluded from Same Store Sales.

Discussion and Analysis

First Quarter 2018 compared with First Quarter 2017

Net Revenue

Net revenue for First Quarter 2018 was \$299.8 million, compared with \$268.4 million in the comparable period of the prior year, an increase of \$31.5 million, or 11.7%. The increase was comprised of an increase in our Direct segment of \$45.1 million and a decrease in our Retail segment of \$13.6 million.

Direct segment Net revenue was \$273.4 million for First Quarter 2018, an increase of \$45.1 million, or 19.7%, from the comparable period of the prior year. The increase in the Direct segment was primarily attributable to the continued launch of our Delta Airline business as well as growth in our U.S. consumer business. We increased circulation and customer contacts in our U.S. consumer business which resulted in an increase, particularly in the swimwear, knit tops and bottoms categories.

Retail segment Net revenue was \$26.5 million for First Quarter 2018, a decrease of \$13.6 million, or 34.0%, from the comparable period of the prior year. Same Store Sales declined 18.9% as compared to the same period of the prior year. The decrease was attributable to our Lands' End Shops at Sears experiencing a decrease in number of stores and a 20.4% decrease in Same Store Sales. Company Operated stores experienced a decrease of 9.9% in Same Store Sales. On May 4, 2018, the Company had 159 Lands' End Shops at Sears and 14 Company Operated stores compared with 205 Lands' End Shops at Sears and 14 Company Operated stores on April 28, 2017.

Gross Profit

Gross profit increased \$10.4 million to \$133.0 million and gross margin decreased approximately 130 basis points to 44.4% of total Net revenue, in First Quarter 2018, compared with \$122.6 million, or 45.7% of total Net revenue, in First Quarter 2017. The Gross profit increase was comprised of an increase in our Direct segment of \$15.4 million and a decrease in our Retail segment of \$5.0 million.

Direct segment Gross profit increased \$15.4 million to \$123.0 million in First Quarter 2018 from \$107.6 million in First Quarter 2017. Direct segment gross margin decreased approximately 210 basis points to 45.0% of total Net revenue in First Quarter 2018, compared with 47.1% of total Net revenue in First Quarter 2017. The gross margin decrease was primarily attributable to the continued launch of the lower margin Delta Airline business and increased promotional activity in the U.S. consumer business.

Retail segment Gross profit decreased \$5.0 million to \$10.0 million in First Quarter 2018 from \$15.0 million in First Quarter 2017. Retail segment gross margin increased approximately 40 basis points to 37.8% of total Net revenue, in First Quarter 2018, compared to 37.4% of total Net revenue, in First Quarter 2017 through effective inventory management of our seasonal assortment, which led to a reduction in unprofitable clearance sales.

Selling and Administrative Expenses

Selling and administrative expenses increased \$2.7 million to \$124.0 million, a decrease of approximately 380 basis points to 41.4% of total Net revenue, in First Quarter 2018, compared with \$121.3 million, or 45.2% of total Net revenue, in First Quarter 2017. The increase in Selling and administrative expenses were due to an increase of \$5.0 million in the Direct Segment and a decrease of \$3.6 million in the Retail segment, partially offset by an increase of \$1.3 million in Corporate expenses.

Direct segment Selling and administrative expenses were \$100.7 million, a decrease of approximately 520 basis points to 36.8% of total Net revenue, in First Quarter 2018, compared with \$95.7 million, or 42.0% of total Net revenue, in First Quarter 2017. The basis point decrease was largely attributable to the leveraging of existing marketing expenses to drive higher sales volume, partially offset by increased personnel expenses.

Retail segment Selling and administrative expenses were \$14.6 million, an increase of approximately 980 basis points to 55.1% of total Net revenue, in First Quarter 2018, compared with \$18.2 million, or 45.3% of total Net revenue, in First Quarter 2017. The basis point increase was largely attributable to the deleveraging of personnel, rent and property costs due to negative same store sales.

Corporate / other Selling and administrative expenses were \$8.7 million compared with \$7.4 million for First Quarter 2018 and First Quarter 2017, respectively. The \$1.3 million, or 17.6%, increase was largely attributable to an increase in personnel and incentive compensation expenses.

Depreciation and Amortization

Depreciation and amortization expense was \$6.2 million in First Quarter 2018, a decrease of \$0.3 million or 5.3%, compared with \$6.5 million in First Quarter 2017.

Other Operating Expense, Net

Other operating expense, net was \$0.3 million in First Quarter 2018 compared to \$1.5 million in First Quarter 2017, primarily due to severance charges associated with the transition of certain corporate activities from the New York office to the Company's Dodgeville headquarters in First Quarter 2017.

Operating Income (Loss)

Operating income was \$2.5 million in First Quarter 2018 compared to an operating loss of \$6.7 million in First Quarter 2017 primarily due to increased revenue driven by the Direct Segment and the leveraging of the existing cost structure.

Interest Expense

Interest expense was \$6.9 million in First Quarter 2018 compared to \$6.1 million in First Quarter 2017.

Other Expense (Income), Net

Other expense, net was expense of \$3.9 million in First Quarter 2018 compared to Other income, net of \$0.7 million in First Quarter 2017 primarily due to reversal of UTBs and the related accrued interest resulting from favorable state tax audit settlements for periods prior to the Separation from Sears Holdings Corporation.

Income Tax Benefit

The Income tax benefit was \$5.6 million for First Quarter 2018 compared to \$4.3 million in First Quarter 2017. The effective tax rate was 68.1% in First Quarter 2018 compared with 35.2% in First Quarter 2017. The higher benefit results from the reversal of UTBs as a consequence of the favorable state tax audit settlements previously described.

Net Loss

As a result of the above factors, Net loss was \$2.6 million and diluted loss per share was \$0.08 in First Quarter 2018 compared with a Net loss of \$7.8 million and diluted loss per share of \$0.24 in First Quarter 2017.

Adjusted EBITDA

As a result of the above factors, Adjusted EBITDA increased to \$9.0 million in First Quarter 2018 from \$1.3 million in First Quarter 2017.

Liquidity and Capital Resources

Our primary need for liquidity is to fund working capital requirements of our business, capital expenditures, debt service and for general corporate purposes. Our cash and cash equivalents and the Current ABL Facility serve as sources of liquidity for short-term working capital needs and general corporate purposes. We expect that our cash on hand and cash flows from operations, along with our Current ABL Facility, will be adequate to meet our capital requirements and operational needs for at least the next 12 months. Cash generated from our net sales and profitability, and somewhat to a lesser extent our changes in working capital, are driven by the seasonality of our business, with a disproportionate amount of Net revenue and operating cash flows generally occurring in the fourth fiscal quarter of each year.

Description of Material Indebtedness

Debt Arrangements

On November 16, 2017, the Company entered into the Current ABL Facility, which provides for maximum borrowings of \$175.0 million for the Company, subject to a borrowing base. The Current ABL Facility has a letter of credit sub-limit of \$70.0 million. The Current ABL Facility is available for working capital and other general corporate purposes and was undrawn other than for \$15.5 million in outstanding letters of credit.

Also on November 16, 2017, the Company terminated all loan related documents of the Prior ABL Facility and repaid all outstanding amounts thereunder.

The Prior ABL Facility provided for maximum borrowings of \$175.0 million for Lands' End, subject to a borrowing base, with a \$30.0 million sub facility for the UK Borrower. The Prior ABL Facility had a sub-limit of \$70.0 million for domestic letters of credit and a sub-limit of \$15.0 million for letters of credit for the UK Borrower. The Prior ABL Facility was available for working capital and other general corporate purposes and was undrawn other than for letters of credit.

On April 4, 2014, Lands' End entered into the \$515.0 million Term Loan Facility of which proceeds were used to pay a dividend of \$500.0 million to a subsidiary of Sears Holdings Corporation immediately prior to the Separation and to pay fees and expenses associated with the Debt Facilities of approximately \$11.4 million, with the remaining proceeds used for general corporate purposes.

Maturity; Amortization and Prepayments

The Term Loan Facility amortizes at a rate equal to 1% per annum, and is subject to mandatory prepayment in an amount equal to a percentage of the borrower's excess cash flows (as defined in the Term Loan Facility) in each fiscal year, ranging from 0% to 50% depending on Lands' End's secured leverage ratio, and the proceeds from certain asset sales and casualty events.

The Term Loan Facility matures on April 4, 2021 while the Current ABL Facility will mature no later than November 16, 2022.

Guarantees; Security

All domestic obligations under the Debt Facilities are unconditionally guaranteed by the Company and, subject to certain exceptions, each of its existing and future direct and indirect wholly-owned domestic subsidiaries. The Current ABL Facility is secured by a first priority security interest in certain working capital of the borrowers and guarantors consisting primarily of accounts receivable and inventory. The Term Loan Facility is secured by a second priority security interest in the same collateral, with certain exceptions.

The Term Loan Facility also is secured by a first priority security interest in certain property and assets of the borrowers and guarantors, including certain fixed assets and stock of subsidiaries. The Current ABL Facility is secured by a second priority security interest in the same collateral.

The Prior ABL Facility had the same terms to those stated above. In addition, the obligations of the UK Borrower under the Prior ABL Facility were guaranteed by its existing and future direct and indirect subsidiaries organized in the United Kingdom.

Interest; Fees

The interest rates per annum applicable to the loans under the Debt Facilities are based on a fluctuating rate of interest measured by reference to, at the borrowers' election, either (i) an adjusted LIBOR rate plus a borrowing margin, or (ii) an alternative base rate plus a borrowing margin. The borrowing margin is fixed for the Term Loan Facility at 3.25% in the case of LIBOR loans and 2.25% in the case of base rate loans. For the Term Loan Facility, LIBOR is subject to a 1% interest rate floor. The borrowing margin for the ABL Facilities is subject to adjustment based on the average excess availability under the ABL Facilities for the preceding fiscal quarter. In the case of LIBOR borrowings this adjustment will range from 1.25% to 1.75% and 1.50% to 2.00% for the Current ABL Facility and Prior ABL Facility, respectively. Base rate borrowings will range from 0.50% to 1.00% for the ABL Facilities.

Customary agency fees are payable pursuant to the terms of the Debt Facilities. The ABL Facilities fees also include (i) commitment fees in an amount equal to 0.25% and 0.25% to 0.375% of the daily unused portions of the Current ABL Facility and Prior ABL Facility, respectively, and (ii) customary letter of credit fees.

Representations and Warranties; Covenants

Subject to specified exceptions, the Debt Facilities contain various representations and warranties and restrictive covenants that, among other things, restrict the ability of Lands' End and its subsidiaries to incur indebtedness (including guarantees), grant liens, make investments, make dividends or distributions with respect to capital stock, make prepayments on other indebtedness, engage in mergers or change the nature of their business. In addition, if excess availability under the Current ABL Facility falls below the greater of 10% of the loan cap amount or \$15.0 million, Lands' End will be required to comply with a minimum fixed charge coverage ratio of 1.0 to 1.0. The Debt Facilities do not otherwise contain financial maintenance covenants. The Company was in compliance with all financial covenants related to the Debt Facilities as of May 4, 2018.

The Debt Facilities contain certain affirmative covenants, including reporting requirements such as delivery of financial statements, certificates and notices of certain events, maintaining insurance, and providing additional guarantees and collateral in certain circumstances.

Events of Default

The Debt Facilities include customary events of default including non-payment of principal, interest or fees, violation of covenants, inaccuracy of representations or warranties, cross defaults related to certain other material indebtedness, bankruptcy and insolvency events, invalidity or impairment of guarantees or security interests, and material judgments and change of control.

Cash Flows from Operating Activities

Net cash used in operating activities decreased to \$41.2 million in the First Quarter 2018 from \$60.3 million in the First Quarter 2017, primarily due to the combination of:

- Improved inventory management with more timely receipts in the current period while maintaining overall lower inventory levels, and
- Increased use of cash to pay down accounts payable in the First Quarter 2017 due to higher payables at the beginning of the year.

Cash Flows from Investing Activities

Net cash used in investing activities was \$10.7 million and \$11.4 million for First Quarter 2018 and First Quarter 2017, respectively. Cash used in investing activities for both periods was primarily used for investments to update our information technology infrastructure and property and equipment.

For Fiscal 2018, we plan to invest a total of approximately \$35.0 million to \$45.0 million in capital expenditures for strategic investments and infrastructure, primarily associated with our ERP investment, other technology investments and general corporate needs.

Cash Flows from Financing Activities

Net cash used by financing activities was \$1.9 million and \$1.3 million for First Quarter 2018 and First Quarter 2017, respectively, consisting primarily of our quarterly payments on our Term Loan Facility.

Contractual Obligations and Off-Balance-Sheet Arrangements

There have been no material changes to our contractual obligations and off-balance-sheet arrangements as discussed in our Annual Report on Form 10-K for the fiscal year ended February 2, 2018.

Financial Instruments with Off-Balance-Sheet Risk

On November 16, 2017, the Company entered into an asset-based lending credit agreement with Wells Fargo Bank, National Association, which provides for maximum borrowings of \$175.0 million for the Company, subject to a borrowing base. The Current ABL Facility has a letter of credit sub-limit of \$70.0 million. The Current ABL Facility is available for working capital and other general corporate purposes. The Current ABL Facility will mature no later than November 16, 2022, subject to customary extension provisions provided for therein. The Current ABL Facility is available for working capital and other general corporate purposes and was undrawn at May 4, 2018, other than for \$15.5 million in outstanding letters of credit.

Also on November 16, 2017, the Company terminated all loan related documents of the Prior ABL Facility and repaid all outstanding amounts thereunder.

Application of Critical Accounting Policies and Estimates

We believe that the assumptions and estimates associated with revenue, inventory valuation, goodwill and intangible asset impairment assessments and income taxes have the greatest potential impact on our financial statements. Therefore, we consider these to be our critical accounting policies and estimates.

Effective First Quarter 2018, we adopted authoritative guidance related to revenue recognition from contracts with customers using the modified retrospective method. The comparative information presented in the Condensed Consolidated Financial Statements was not restated and is reported under the accounting standards in effect for the periods presented. The adoption of this guidance did not have, and is not expected to have, a significant impact on our reported revenue, gross margins or income from operations. However, we have implemented a change in our balance sheet presentation for expected product returns and are now reporting a product return asset for the right to receive

returned products and a returns liability for amounts expected to be refunded to customers as a result of product returns, where these were previously netted in Other current liabilities. The product return asset is reported within Prepaid expenses and other current assets. The returns liability and payments received from customers for future delivery of products are reported within Other current liabilities in the Condensed Consolidated Balance Sheets.

For a complete discussion of our critical accounting policies, please refer to our Annual Report on Form 10-K for the year ended February 2, 2018, and Note 2, *Recent Accounting Pronouncements*. There have been no other significant changes in our critical accounting policies or their application since February 2, 2018.

Recent Accounting Pronouncements

See Part I, Item 1, Note 2, *Recent Accounting Pronouncements*, of the Condensed Consolidated Financial Statements (Unaudited) included in this Quarterly Report on Form 10-Q for information regarding recent accounting pronouncements.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING INFORMATION

This document contains forward-looking statements. Forward-looking statements reflect our current views with respect to, among other things, future events and performance. These statements may discuss, among other things, our net sales, gross margin, operating expenses, operating income, net income, cash flow, financial condition, impairments, expenditures, growth, strategies, plans, achievements, dividends, capital structure, organizational structure, future store openings, market opportunities and general market and industry conditions. We generally identify forward-looking statements by words such as "anticipate," "estimate," "expect," "intend," "project," "plan," "predict," "believe," "seek," "continue," "outlook," "may," "might," "will," "should," "can have," "likely" or the negative version of these words or comparable words. Forward-looking statements are based on beliefs and assumptions made by management using currently available information. These statements are only predictions and are not guarantees of future performance, actions or events. Forward-looking statements are subject to risks and uncertainties. If one or more of these risks or uncertainties materialize, or if management's underlying beliefs and assumptions prove to be incorrect, actual results may differ materially from those contemplated by a forward-looking statement. These risks and uncertainties include those risks, uncertainties and factors discussed in the "Risk Factors" section of our Annual Report on Form 10-K for the fiscal year ended February 2, 2018. Forward-looking statements speak only as of the date on which they are made. We expressly disclaim any obligation to update or revise any forward-looking statement, whether as a result of new information, future events or otherwise, except as required by applicable securities laws and regulations.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The market risk inherent in our financial instruments represents the potential loss arising from adverse changes in currency rates. A significant portion of our business is transacted in U.S. dollars, and is expected to continue to be transacted in U.S. dollars or U.S. dollar-based currencies. As of May 4, 2018, we had \$13.7 million of cash denominated in foreign currencies, principally in British Pound Sterling, Euros and Yen. We do not enter into financial instruments for trading purposes or hedging and have not used any derivative financial instruments. We do not consider our foreign earnings to be permanently reinvested.

We are subject to interest rate risk with the Term Loan Facility and the Current ABL Facility, as both require the Company to pay interest on outstanding borrowings at variable rates. Each one percentage point change in interest rates associated with the Term Loan Facility would result in a \$4.9 million change in our annual cash interest expenses. Assuming our Current ABL Facility was fully drawn to a principal amount equal to \$175.0 million, each one percentage point change in interest rates would result in a \$1.8 million change in our annual cash interest expense.

ITEM 4. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

Based on their evaluation for the period covered by this Quarterly Report on Form 10-Q, Lands' End's Chief Executive Officer and President and Executive Vice President, Chief Operating Officer, Chief Financial Officer and Treasurer have concluded that, as of May 4, 2018, the Company's disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended) are effective.

Changes in Internal Control over Financial Reporting

There were no changes in the Company's internal control over financial reporting identified in connection with the evaluation required by Rules 13a-15 under the Exchange Act during the first quarter ended May 4, 2018 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

We are involved in various claims, legal proceedings and investigations arising in the ordinary course of business. Some of these actions involve complex factual and legal issues and are subject to uncertainties. At this time, the Company is not able to either predict the outcome of these legal proceedings or reasonably estimate a potential range of loss with respect to the proceedings. While it is not feasible to predict the outcome of pending claims, proceedings and investigations with certainty, management is of the opinion that their ultimate resolution should not have a material adverse effect on our results of operations, cash flows or financial position.

See Part I, Item 1, *Financial Statements and Notes to Condensed Consolidated Financial Statements*, Note 9, *Commitments and Contingencies*, for additional information regarding legal proceedings (incorporated herein by reference).

ITEM 1A. RISK FACTORS

Director Compensation Policy

(as revised on May 24, 2018)

This Director Compensation Policy (the "Policy") of Lands' End, Inc. (the "Company"), as adopted by the Board of Directors of the Company (the "Board"), shall remain in effect until amended, replaced or rescinded by further action of the Board. The compensation described in this Policy shall be paid or be made, as applicable, automatically and without further action of the Board, to each non-employee member of the Board (a "director"). For the avoidance of doubt, this Policy shall not apply to members of the Board who are employees of the Company. Members of the Board shall not be entitled to receive any compensation for service on the Board other than as described in the Policy.

1. Compensation

Payment Amount. Each director shall be eligible to receive an "annual" retainer of \$100,000, paid in cash, for service on the Board. For purposes of this Policy, "annual" shall mean on a fiscal year basis. In addition, (1) a director serving as Chair of the Board shall be eligible to receive an additional annual retainer of \$30,000, (2) a director serving as Chair of the Audit Committee shall be eligible to receive an additional annual retainer of \$20,000, (3) a director serving as Chair of the Compensation Committee shall be eligible to receive an additional annual retainer of \$15,000, (4) a director serving as Chair of each other standing committee of the Board shall be eligible to receive an additional annual retainer of \$10,000, (5) a director serving as a member of the Audit Committee (other than the Chair of the Audit Committee) shall be eligible to receive an additional annual retainer of \$12,500, (6) a director serving as a member of the Compensation Committee (other than the Chair of the Compensation Committee) shall be eligible to receive an additional annual retainer of \$10,000, and (7) a director serving as a member of each other standing committee of the Board (other than the Chair of the applicable committee) shall be eligible to receive an additional annual retainer of \$7,500; in each case, paid in cash, for such service.

Payment Schedule. The annual retainers for service on the Board, as Chair of the Board, and as Chair or a member of a committee of the Board, as set forth above, shall be paid by the Company in four equal quarterly installments, on the last day of each fiscal quarter, provided, however, that the payment to be made on August 3, 2018 shall be prorated for the period from May 12, 2018 to August 3, 2018 (each such payment date, a "Quarterly Payment Date"). Any director who serves as a member of the Board for less than a full quarterly period, shall receive a prorated payment for such quarterly period, on the next Quarterly Payment Date.

Annual Election to Receive Retainer in the Form of Common Stock. A director may elect annually in advance of the commencement of a fiscal year (or upon initial appointment or election to the Board, if such occurs during a fiscal year) to receive the retainers under this Policy that would otherwise be payable in cash, either in whole or in part, in the form of shares of common stock of the Company issued under the Lands' End, Inc. 2014 Stock Plan, as amended, the Lands' End, Inc. 2017 Stock Plan, as amended, or a successor equity plan (a "Stock Election"), in which case he or she shall instead receive, at the time the cash retainer payment would have been payable, shares having an equivalent fair market value on the applicable Quarterly Payment Date, determined using the NASDAQ regular market hours closing price of the Company's common stock on such Quarterly Payment Date (rounded down to the nearest whole share). Such election shall be effective for the ensuing fiscal year. With respect to the fiscal year ending February 1, 2019, a director may make a Stock Election prior to the Quarterly Payment Date occurring on August 3, 2018. A Stock Election shall only be made at a time when trading is permitted under the Company's Insider Trading Policy, as determined by the Company's General Counsel.

New Directors. In the event a new director is elected or appointed to the Board, such director shall be eligible to receive the compensation set forth in this Policy, prorated from the date of appointment or election through the next scheduled Quarterly Payment Date and thereafter shall be paid in conformity with the other directors.

2. Health Care Programs

Upon the approval of the Nominating and Corporate Governance Committee on a case-by-case basis, a director may participate in health care programs of the Company on a basis no less favorable than senior executives of the Company.

3. Merchandise Discounts and Gift Card

All directors are eligible to purchase Lands' End merchandise and services at a discount, subject to the terms of the Lands' End Employee Merchandise Discounts Policy. Each director serving on the Board immediately following each Annual Meeting of Stockholders shall receive a Lands' End gift card to purchase Lands' End merchandise and services in the amount of \$5,000, issued on the date of the Annual Meeting of Stockholders, or such other date as is determined by the Nominating and Corporate Governance Committee. In the event that a director is initially elected or appointed to the Board on a date subsequent to the date of the Annual Meeting of Stockholders, such director shall receive a prorated gift card, at the time of such election or appointment, reflecting the time elapsed since the Annual Meeting of Stockholders.

4. Expense Reimbursement

Members of the Board of Directors, including employees of the Company, will be reimbursed for all reasonable out-of-pocket expenses incurred by them in connection with their participation in meetings of the Board (and committees thereof) and the boards of directors (and committees thereof) of the subsidiaries of the Company. The Company shall make such reimbursement within a reasonable amount of time following submission of reasonable written substantiation for the expenses.
